**** Depending on its terms (Please refer to Appropriate AITI Staff).
 @ Only recognized RBAF Flying Club members are allowed for personal import.
 @* Only Terminal which complies to CCIT & Q931 ETSI Standard or Euro-ISDN will be Type Approved.

- Please submit a copy of Original Technical Handbook or other related documents for testing purposes, containing the following:
 - Equipment:
 - Installation (PABX/KTS) Details of Programming the unit should be provided
 - Specifications
 - Brochure
 - Electical and Performance Specification
 - Circuit diagram tools
 - Method employed in testing the equipment specification
 - Laboratory Report on equipment being tested
- The Equipment to be submitted shall be compatible to Telecom System Parameters.
- AITI reserves the right to reject any application that does not comply with the requirement for Type Approval.
- The equipment to be brought in for type approval shall be consigned to the dealer themselves and detained at custom checkpoint. A copy of the detention receipt shall be forwarded to AITI after filing up the equipment collection form.
- Once the equipment has been successfully approved, the dealer is required to settle the customs duty and Type Approval fee. Equipment collection shall be at Custom detained area respectively.
- The dealer must inform the Authority in a written letter for termination or no intention of renewal of the Type Approval Certificate before the expiry date.
- Temporary Import Permit will only be issued to a company, after AITI have received a covering letter from relevant Authorities or Government departments regarding the following applied equipment. Testing period will depend on it's term, where the Temporary Permit will then expire. The consigned company then must return back related equipment to the country of origin. Notification documents of re-exportation must be submitted to AITI. Failure to do so will result in future permit not being issued and deposit not refunded.
- AITI reserves the right to reject any applied equipment for Type Approval to make any reasonable changes to any terms and condition without any early notice.
 Note : Please be advised that the duration for testing any equipment is within **14 working days** from the date of collection. Please call us if there is any enquiries if testing duration is beyond the stated period.
